## **Consumers Searching**

*Consumers Wanted: For an Employment Information Bridge to work it requires traffic to flow in both directions. If you are in a Consumer Directed Personal Assistance Program, you will eventually need to find a new Home Care Worker. And up to now you may have relied upon Friends, Family, an Agency or you may have chosen to put your own advertisement on the Internet (See the list of Internet resources on the PCA Employment Agency page of this newsletter). Therefore, to help you find the PCA Candidate of your choice, I urge you, to do everything you ordinarily do, to consider an Internet resource and to try*

**[www.ConsumerDirectedServices.com](http://www.ConsumerDirectedServices.com)**.

*Finally, if you try Consumer Directed Services, please spread the word. Tell your friends and associates about this **FREE** service.*

### *There is a crisis in CDPA!*

<http://cdpaanys.org/action-center/>

Wed, Feb 15, 2017 at 3:12 PM

But you know this. You are living the crisis.

A decade ago, wages were decent. Nobody was going to get rich working as a personal assistant; but, people could work a full-time job and go home, pay the rent, feed their kids and get a good night sleep knowing they were financially secure.

Today, in the best case scenario, people are making what they did 10 years ago. In too many cases, reimbursement cuts have actually forced wages down.

We need to say this again.

**In many cases, wages for workers in CDPA today are lower than they were 10 years ago.**

Why is this? It is because the state, often through managed care, is paying less than it did 10 years ago.

We know that these cuts are threatening the future of CDPA and the consumers who rely on it. As consumers and workers, you know best what this will mean, because you are living it. Low reimbursement means low wages. Low wages means you cannot attract or keep your workers. Without reliable and high quality workers, you lose your ability to direct your own services.

This problem has gone on too long. CDPAANYS has fought for increases for years, only to be told there is no money.

There can be no more excuses. Wage Crisis in Consumer Direction

Without State action to safeguard CDPA, wages will fall; the worker shortage will rise.

In just more than a year, we have seen Fidelis cut their reimbursement by almost \$2 per hour. We saw GuildNet cut reimbursement by \$3/hr., and then saw Northshore-LIJ follow suit. Now, on March 1, Agewell will join them. They too will lower rates by \$3/hour.

**This cannot last. We must act to stop it now.**

Personal Assistants perform laborious home care, skilled nursing care, and deeply intimate livelihood support. The work of Personal Assistants, which enables adults to stay in their own homes and out of institutions, has become minimum wage work.

The state is ok with CDPA as a minimum wage job.

The state is ok with our workers making over a dollar less per hour than workers at McDonalds.

Make your presence known. Highlight your issues. Preserve your care. Protect your health and livelihood at the assembly hearings on Community Based Care: February 22nd in New York City and on February 27th in Albany. They want to hear from consumers and workers about the impact low wages are having on you. You can read more about the hearing and sign up to testify by clicking here.

**But we need you to reach out to your Legislators and the Governor and let them know minimum wage is not enough. Let them know your workers deserve at least as much as those at McDonald's.**

**Act today to save CDPA, or there may not be a tomorrow.**
