March 06, 2015

On September 16th the New York State Department of State accepted the Certificate of Incorporation submitted by **Consumer Directed Services, Inc.** under section 404 of the Not-for-Profit Law. A certificate that included the following statement:

To insure that the corporation remains focused on the empowerment of the people being served, as the service population grows, the corporation will expand the Board of Director Membership to insure that a majority of its seats are held by people with disabilities.

To assist Consumers with the problem of finding new Personal Care Assistants, [Consumer Directed Services](http://www.consumerdirectedservices.com) created a FREE Employment Information Bridge between Consumers and PCA Candidates.

Consumers Searching

Consumers Wanted: For an Employment Information Bridge to work it requires traffic to flow in both directions. If you are in a Consumer Directed Personal Assistance Program, you will eventually need to find a new Home Care Worker. And up to now you may have relied upon Friends, Family, an Agency or you may have chosen to put your own advertisement on the Internet (See the list of Internet resources on the PCA Employment Agency page of this newsletter). Therefore, to help you find the PCA Candidate of your choice, I urge you, to do everything you ordinarily do, to consider an Internet resource and to try www.ConsumerDirectedServices.com. Finally, if you try Consumer Directed Services, please spread the word. Tell your friends and associates about this **FREE** service.

New York, with three other states (Illinois, Massachusetts, and New Mexico), has submitted an amicus brief supporting the DOL companionship changes.

From: Bruce Darling

Sent: Tuesday, March 03, 2015 11:33 AM

In that brief, they explain that the institutional bias gives states the ability to pay for the increased costs that come from this rule, pointing out that the states can impose expenditure and service hour caps on home and community based services.

"In issuing the Home Care Rule, the DOL considered the fiscal impact on state Medicaid programs and concluded—based on available data—that the Rule will not impose new and unmanageable Medicaid costs. Medicaid is the single largest source of home-care funding in the nation. While some home-care services are mandated under Medicaid the vast majority is provided under optional state waiver or demonstration programs. States currently support home-care under Medicaid for over 3.2 million individuals (70% receiving home-care under elective state waiver programs)... States have substantial flexibility to design, administer and implement their own Medicaid programs. That flexibility extends to cost controls. Almost all States, for example, already impose cost-containment tools (such as expenditure and service hour caps) in providing home-care services under different Medicaid programs."

This is completely offensive!

There is NO MENTION of Olmstead!

There is NO consideration of the rights of people with disabilities to live in the most integrated setting!

To be fair, the brief also talks about the importance of paying attendants better wages, but outside of wage parity for NYC traditional home care, we aren't seeing that happen. There was no provision in the Governor's budget (that we are aware of) that would increase wages for CDPAS attendants and upstate home care workers or pay for the overtime and travel costs generated by this rule.

We have reached out to the Governor Cuomo's office to learn how his administration intends to fund these changes or whether this amicus signals that we need to get ready for even more Medicaid home care cuts.
