Notes

Consumers Wanted: For an Employment Information Bridge to work it requires traffic to flow in both directions. If you are in a Consumer Directed Personal Assistance Program, you will eventually need to find a new Home Care Worker. And up to now you may have relied upon Friends, Family, an Agency or you may have chosen to put your own advertisement on the Internet (See the list of Internet resources on the PCA Employment Agency page of this newsletter). Therefore, to help you find the PCA Candidate of your choice, I urge you, to do everything you ordinarily do, to consider an Internet resource and to try www.ConsumerDirectedServices.com. Finally, if you try Consumer Directed Services, please spread the word. Tell your friends and associates about this **FREE** service.

Assembly One-House Bill Released

From CDPAANYS Executive Director Bryan O'Malley:

The Assembly one-house bill is out and, overall, it is a great victory for CDPAANYS. Speaker Silver, Assembly Member Gottfried and all of the members of the Assembly realized the critical issues facing consumers, personal assistants and FIs. On a quick read, the Assembly included in their one-house bill 3 of the 4 priorities for CDPAANYS.

1 The Assembly included Fiscal Intermediaries in the Vital Access Providers Program (VAPP). If adopted in the final budget, this will allow CDPAANYS to pursue financial remedy for the requirement to pay time and a half under the companionship rules. It would still require action from the Dept. of Health; however, it represents an acknowledgement of the problem and a sincere desire to take action to fix it. This policy was one promoted by CDPAANYS when it became evident that we were not receiving any traction on our proposal for a pass through to deal with these issues.

2 The Assembly included language that would restore aid continuing to consumers and end the requirement that they exhaust internal appeal rights with the plan before they could pursue a fair hearing.

3 The Assembly included language that would require community-based providers, including fiscal intermediaries, to be reimbursed an amount that allows them to pay an adequate wage to the consumers' employees. Failure of the plans to reimburse adequately would represent an actionable offense, up to and including the termination of their ability to operate.

4 The Assembly included language that would require plans to pay clean claims within a 30-day period for CHHAs and LHCSAs. CDPAANYS has already reached out to the Assembly to inform them of the importance of this provision to fiscal intermediaries as well and we will advocate strongly in favor of it, assuming we are included.

Unfortunately, the Assembly did not include the Nurse Practice Act changes that allow for full implementation of Community First Choice. While CFC will move forward with CDPA only, the larger benefit requires an exemption and without it, the entire benefit is in jeopardy, as it is unclear whether or not CMS will support it. The Assembly also did reject language that would allow direct service professionals in OPWDD to perform any nursing tasks. This is language that CDPAANYS opposed in the state that it was in, but is continuing to work to identify a compromise that is acceptable to all parties. We will continue to advocate for these proposals moving forward and hope that the Senate bill includes the changes necessary for CFC.

As soon as I see the Senate one-house, I will send notification of what is in it. If after reading the Assembly bill in greater detail I identify other topics of interest, I will of course let you know immediately.

Senate Bill Is Out

From Bryan:

The Senate has issued their budget resolution, with mixed results for CDPAANYS.

Importantly, the Senate included the changes to the Nurse Practice Act necessary for implementation of CDPA. They implement it effective October 1, 2014 and limit it to CFC. While we have not seen language, it sounds very similar to the proposal that CDPAANYS, CDR and NYAIL made to them. This is a big win for CDPAANYS and CFC promises to greatly enhance the role of CDPA in the state when it is implemented.

What it also means is that between the two bills, all of CDPAANYS budget priorities have been addressed.

The Senate also codifies the Vital Access Providers Program, although it is unclear from their resolution as to whether or not CDPA is included.

Unfortunately, the Senate eliminated \$2.5 million in funding for an ombudsman for MLTC. This is a critical provision that gives consumers an advocate in dealing with MLTC plans. Fortunately, this is a priority for DOH, so we are hopeful it will survive.

The Senate rejected the Governor's proposal to eliminate spousal refusal, meaning the Legislature is united in its opposition to the measure.

In a move that is not relevant to CDPAANYS agenda, but has indirect implications because it will effect the negotiations as a whole, the Senate rejected funding for the health exchange. The Governor will fight this hard and it could have implications for any measures that were included in a one-house but not the Governor's budget.

As we move forward and learn more about the details behind the Senate proposal, we will let you know.
