Consumers Searching

Consumers Wanted: *For an Employment Information Bridge to work it requires traffic to flow in both directions. If you are in a Consumer Directed Personal Assistance Program, you will eventually need to find a new Home Care Worker. And up to now you may have relied upon Friends, Family, an Agency or you may have chosen to put your own advertisement on the Internet (See the list of Internet resources on the PCA Employment Agency page of this newsletter). Therefore, to help you find the PCA Candidate of your choice, I urge you, to do everything you ordinarily do, to consider an Internet resource and to try*

Medicaid Is Under Attack Again!

Thu, Apr 27, 2017 at 11:51 AM

President Trump and Congressional Republicans are back at it. The Trump Administration has struck a deal with the Ultra-Conservative Freedom Caucus to gain their support for a new version of the American Health Care Act. The new version does even more to gut critical services for seniors and people with disabilities in Medicaid and private health insurance - including a new provision that makes it legal for insurance companies to discriminate against people with disabilities!

ACTION: Call your Congress Member TODAY and demand that he or she vote NO on any bill that guts Medicaid and legalizes discrimination.

This new deal with the House Freedom Caucus would allow states to opt out of federal mandates requiring insurers to cover essential health benefits. Essential health benefits include emergency services, maternity care, and mental health and substance abuse services. It will also allow insurance companies to charge people higher premiums based on their health status, and allow for health insurance to be sold across state lines - eliminating critical protections that New York has established, and bringing us all down to the standards of Mississippi or Oklahoma.

The last version of Trumpcare was bad. This one manages to make it worse.

We need you to act today! We stopped them once. We can do it again.

Call your Representatives and demand that they vote NO on this measure that would cut billions from New York's Medicaid program, end Community First Choice, and make it nearly impossible to stay in your home.

When Congress says they want to lower the cost of health care, they mean they want to keep people with disabilities from accessing high quality health care. Why? Because people who don't use health care are cheap to insure. It is those who rely on Medicaid and critical health care services that cost money.

Congressional Republicans are desperate not only to repeal the Affordable Care Act, but they want to repeal President Lyndon Johnson's Great Society and end Medicaid as an entitlement. And they want to do it so they can give tax breaks to their wealthy friends.

They do not have our best interests in mind. Together, we can stop them again!

Act NOW - Please use the following link:

***Action Alert - Support the Pooled Trust
Notification Bill!***

Mon, Apr 24, 2017 at 11:35 AM

A new bill (S.1241/A.5175) has been introduced by the Legislature, which will help New Yorkers who do not meet the monthly income limit to qualify for Medicaid access CDPA and other community-based long-term care services. This bill requires the New York State Department of Health (DOH) to notify new Medicaid enrollees that they can use a pooled trust.

Seniors and people with disabilities may use a Pooled Trust if their monthly income is higher than the limits to qualify for Medicaid. For those who wish to enroll in CDPA or need home care, education about pooled trusts and Medicaid eligibility is critically important. Access to a pooled trust allows people to maximize their resources and their ability to live and thrive in the community through the use of long-term supports and services. Expanding access to pooled trusts saves the State money because it prevents Medicaid enrollees having to choose between their health care needs and other necessities such as food.

New York State should encourage and educate new Medicaid enrollees about Pooled Trusts. Many current CDPA consumers would not be able to use the service without a pooled trust.

ACTION: Urge Your State Senators & Assembly Members to co-sponsor the Pooled Trust Notification Bill (S.1241/A.5175)!
