July 24, 2015

On September 16th the New York State Department of State accepted the Certificate of Incorporation submitted by **Consumer Directed Services, Inc.** under section 404 of the Not-for-Profit Law. A certificate that included the following statement:

To insure that the corporation remains focused on the empowerment of the people being served, as the service population grows, the corporation will expand the Board of Director Membership to insure that a majority of its seats are held by people with disabilities.

To assist Consumers with the problem of finding new Personal Care Assistants, [Consumer Directed Services, Inc.](http://www.consumerdirectedservices.com) created a FREE Employment Information Bridge between Consumers and Personal Care Assistant (PCA) Candidates.

Consumers / Advocates

To search for a PCA Candidate complete the form at the following link [Consumer / Advocate - Search for a PCA Candidate](#). When your information is received it will be enrolled in the email database, and posted on the website for a month, distributed to all of the members of the Consumer Directed Services database (Consumers, PCA Candidates, and a variety of other Employment Resources), and published in the Consumer Directed Services Newsletter for a month.

To just add your information to the Consumer Directed Services database, a Consumer or Advocate need only send me an email to elitcher@consumerdirectedservices.com and include your name and the text **Newsletter Request**. When your information is received it will be enrolled in the email database and you will begin receiving future issues of the Consumer Directed Services Newsletter and other emails related to the program's goal.

Personal Care Assistant (PCA) Candidates

To include your information in the Newsletter and email database, complete the form at the following link: [Look for a PCA Job \(FREE\) - New York City Metro](#). When your information is received, your information will be published in the Newsletter for a month,

and you will begin receiving future issues of the Consumer Directed Services Newsletter and other emails related to the program's goal.

Also, to access our list of Currently Available Jobs, please use the following link: [JOBS](#)

Previously distributed Newsletters (**from January 12, 2011 to present**) have been archived on the [Consumer Directed Services](#) home page. Finally, if you have any questions, comments, or recommendations about this service, or should you wish to remove your address from this list, please contact send an email to elitcher@consumerdirectedservices.com.

Best Regards, Ed Litcher

Consumers Searching

Consumers Wanted: *For an Employment Information Bridge to work it requires traffic to flow in both directions. If you are in a Consumer Directed Personal Assistance Program, you will eventually need to find a new Home Care Worker. And up to now you may have relied upon Friends, Family, an Agency or you may have chosen to put your own advertisement on the Internet (See the list of Internet resources on the PCA Employment Agency page of this newsletter). Therefore, to help you find the PCA Candidate of your choice, I urge you, to do everything you ordinarily do, to consider an Internet resource and to try www.ConsumerDirectedServices.com. Finally, if you try Consumer Directed Services, please spread the word. Tell your friends and associates about this **FREE** service.*

Comments:

Please do not apply for this job if you are looking for something easy.
Apply only if you are willing to accept a challenge.

The work is hard but you will learn more about home care from this Consumer than you will ever learn from any class room program. Ms. Stern is an extremely intelligent – ventilator dependent quadriplegic – who has been disabled and living independently many years. Ms. Stern is searching for a PCA to work - 12 hours per day - 4 or 5 days per week during the day or night shift. The final schedule will be determined as the Consumer and PCA develop a positive long term working relationship. The Consumer needs a PCA who respects the commitments they make, a PCA who truly understands the importance of their work (to the Consumer's life and her ability to live independently), a PCA who takes pride in a

job well done and a PCA who will not shy away from a complex (and personally rewarding) employment opportunity.

Comments: We are seeking an experienced female companion/caregiver to help care for our grandma, an elderly lady, 83 years old with mild Alzheimer in her home. Our grandma is a kindhearted Indian woman from Trinidad with a keen sense of humor. She suffered from throat cancer a few years ago that affected her ability to eat so we are looking for someone who would be able to cook Indian Trinidadian meals for her. She also suffered from a stroke 6 years ago that affected her balance and speech so it is important that the caregiver be able to understand a Trinidadian accent.

Comments: I worked with an Alzheimer's patient from 2002 until her death in March 2009. I lived at patient's house and provided her with all her personal needs throughout the week. I can provide a reference from patient's daughter. I worked with an autistic child from 2009 until 2015, she is now a teenager. I can also provide a reference from her mother. Both jobs have been through CDPAP/South Shore Home Health and I am very familiar with the process.

Legislation passed to allow parents to serve as full time caregivers long overdue

Posted on July 22, 2015 | By [John T. McDonald III - Member New York State Assembly](#)

One of the pieces of legislation passed this last legislative session would allow parent caregivers of chronically ill and physically disabled adults to serve as full-time personal assistants and receive compensation through the Consumer Directed Personal Assistance Program (CDPAP) (A.7532-A, Morelle). This measure was also passed by the Senate and will be delivered to the Governor for consideration.

The legislation would allow family members other than persons legally responsible for the care and support of an eligible individual, spouses, or designated representatives to serve as compensated personal assistants under CDPAP. CDPAP is intended to provide greater flexibility and choice in home care services for chronically ill and physically disabled individuals by allowing the eligible individual to self-direct personal care services, home health aide services and skilled nursing tasks pursuant to an approved plan of care, and select a personal assistant. The program compensates personal assistants who provide consumer directed personal assistance to eligible individuals in the program. Under current law, however, the parents of an eligible individual are not permitted to serve as compensated personal assistants.

Many individuals with chronic illnesses or physical disabilities reside with one or both parents into adulthood, and while the CDPAP program provides flexibility and in-home care, parents often have to take time off from work if the assistant is unavailable, or if an individual is between assistants. Parent caregivers are often burdened when they have to choose between a paycheck and caring for their adult child. The bill would not increase the number of personal assistants compensated under CDPAP, but rather allow parents to care for ailing adults full-time rather than having a third-party home care provider. The bill provides that services provided by personal assistants, including eligible family members, must be consistent with the individual's plan of care, and that the aggregate cost of such services may not exceed the aggregate costs for equivalent services provided by a non-relative personal assistance.

From my perspective, this bill reflects where we are in health care today. We have a system in constant flux that is trying to find sensible and cost effective solutions to providing quality care in our communities. This legislation I believe reflects also the challenge that today's current

family struggles with as the days of Ozzie at work and Harriet at home is not just happening. With the proper safeguards in place, this legislation

I believe once approved by the Governor will a positive impact on the quality of lives of our patients and families while providing yet again another cost effective option.
