July 18, 2012

To: Consumer Directed Services (CDS) Employers

Subject: Electronic Visit Verification

The Texas Department of Aging and Disability Services (DADS) will be expanding the Electronic Visit Verification (EVV) system for community-based services in your area.

EVV is a telephone and computer-based system that documents the time your attendant starts and ends delivering services to you. EVV will impact agency providers, Consumer Directed Services Agencies (CDSAs) and CDS employers for the following services: personal assistance services and in-home respite services in the Community Based Alternatives (CBA) program; residential habilitation and in-home respite services in the Community Living Assistance and Support Services (CLASS) program; in-home respite services and adjunct support services provided by an attendant in the Medically Dependent Children Program (MDCP); Services received through the Primary Home Care program (PHC); Community Attendant Services program; and Family Care (FC) program.

EVV Optional for CDS Employers

Individuals using the CDS Option may choose their level of participation in EVV. You are encouraged to use EVV. However, you can decide how you want to participate. Your Consumer Directed Services Agency (CDSA) will contact you to discuss which of the following options are best for you:

1) Full Participation—Phone and Computer: Your CDS employee(s) will call-in to the EVV system when they start work and call-out when they end work. You will use the computer to do visit maintenance.

2) Partial Participation—Phone only: Your CDS employee(s) will call-in to the EVV system when they start work and call-out when they end work. Your employee(s) will also continue using paper time sheets. Your CDSA will perform visit maintenance to match the EVV system to the paper time sheets. This option is available to CDS employers who will participate in EVV and need assistance from the CDSA with visit maintenance. July 18, 2012 Page 2

3) No EVV Participation: If you do not have access to a computer, assistive device or other supports, and/or you do not feel you can fully or partially participate in EVV, you may continue using paper time sheets. You will continue sending paper time sheets to the CDSA to pay your employees.
