PCA Information

Consumer Directed Services is not an Agency and makes no representation (positive or negative) regarding the appropriateness of any PCA Candidate, or the terms and conditions of any employment relationship. All employment and payment decisions are the exclusive responsibility of the Consumer.

Note: If you are seeking employment from a Consumer who is receiving their service authorization from a New York State Medicaid funded Consumer Directed Personal Assistance Program, the Consumer is permitted to consider your employment only if you can pass ALL of the following New York State reviews.

1. You are an adult of at least 18 years of age.
2. The Consumer is not your spouse or (if the Consumer is younger than 21) is not your child.
3. You do not live in the home of the Consumer (unless their service requires it).
4. You are not the Designated Representative (Surrogate) of the Consumer.
5. You do not have any financial control over the Consumer.
6. Your information must pass a Federal and State Government Exclusion List Review.
- 7 You have a verifiable Social Security number and the qualified documents needed to prove that you are eligible to work in the United States.

The State of New York also requires each Personal Care Assistant to complete a Health Assessment BEFORE you begin work.

The Health Assessment includes:

- A basic physical exam - blood pressure, height, weight, etc.
- A TB (Tuberculosis) Screen (PPD) or a chest x-ray if the test is positive or if the test would not be appropriate
- A Measles and Rubella Screen or Vaccine
- A drug test of Urine (forensic toxicology)
- Documentation of vaccination against influenza, or wearing of a surgical or procedure mask during the influenza season

In addition to the above New York State requirements, the municipality in which the Consumer lives may also impose additional health assessments or legal reviews. The Consumer Directed Personal Assistance Program your Consumer chooses will require the completion of a Memorandum of Understanding (Consumer / Personal Care Assistant Agreement) to clarify the employment relationship, and they may require other documents to help them effectively complete their role as the Consumers Fiscal Intermediary.

Wage Parity and CDPA: Managed Care Plans Must Pay!

Fri, Aug 4, 2017 at 11:43 AM

On July 1, Consumer Directed Personal Assistance (CDPA) will be included in wage parity. Wage parity means that plans now must calculate wages and benefits when calculating reimbursement. This means they will have to pay \$15.09 in NYC and \$13.22 in Long Island & Westchester. If funded properly, wage parity would mean a raise for thousands of personal assistants (PAs) whose work allows seniors and people with disabilities to thrive in their own homes and communities in the downstate region.

However, Fiscal Intermediaries (FIs) cannot meet new wage parity requirements without additional funding from plans. Many plans have cut payments to FIs, which is why personal assistants' (PA) wages are low and overtime hours are being capped.

If plans don't pay more to fiscal intermediaries, it will be the end of CDPA.

The consequences of the State's failure to ensure adequate reimbursement to pay for wage parity will affect all New Yorkers – not just people in wage parity counties. If managed care plans do not pay for wage parity, and CDPA ceases to exist, it will affect you, the person reading this, as you will surely know at least one person who experiences an accident or illness and does not want to use traditional home care or be placed in an institutional setting.

Here's what you can do today:

1.) Call Governor Cuomo at 518-474-8390.

Tell Governor Cuomo you are counting on him to make sure the Department of Health makes managed care plans pay for wage parity in CDPA. Remind him that wage parity is beginning July 1st.

**2.) Call the New York State Department of Health
MLTC Complaint Line at 1-866-712-7197.**

Tell the Department of Health that your managed care plan is not paying its providers enough to meet new wage parity rules.

3.) Call your managed care plan or MLTC and ask to file a grievance.

Tell your plan they must pay for CDPA wage parity. They need to re-negotiate their contracts with fiscal intermediaries, so they can pay for wage parity. Remind them that wage parity is effective starting July 1st.

4.) Call your local Senate and Assembly representatives.

If you live in Westchester, NYC or Long Island, call your Senator and Assembly member! Tell them that the seniors and people with disabilities in their district who use CDPA are in danger due to the unfunded wage parity mandate beginning July 1.

WHAT'S HAPPENING:

[Wage Parity Delayed](#)

[\(http://cdpaanys.org/wage-parity-delayed-effective-october-13/\)](http://cdpaanys.org/wage-parity-delayed-effective-october-13/)

Effective October 13

By Laura on July 11, 2017

For the last four years, a significant piece of CDPAANYS' Legislative Agenda has been higher wages for personal assistants (PAs) in CDPA. This past year, the Legislature and Governor included a provision in the law that added CDPA to an existing law called wage parity. This means that, starting on July 1, Personal Assistants (PAs) were supposed to get wages and benefits totaling \$15.09 in New York City and \$13.22 in Long Island and Westchester.

This change will still be taking place; however, it has been delayed until October 13.

Wage parity law (<http://codes.findlaw.com/ny/public-health-law/pbh-sect-3614-c.html>) requires that notice be posted about the rate 120 days prior to its effective date. The Department of Health did not distribute this notice until June 14, meaning that Fiscal Intermediaries did not have sufficient time to negotiate new rates. Because of this, according to the law, the new requirement could not take effect until October.

Despite strong efforts by both Fiscal Intermediaries and the New York State Department of Health, several major plans are still paying \$3.00 per hour under what is needed to meet the wage parity requirement.

CDPAANYS is continuing to work with the Legislature, the Department of Health and others to make sure that when wage parity goes into effect, reimbursement will be adequate to ensure that continuity of care is maintained. We will also continue our advocacy on all fronts for a living wage for PAs in **all** regions of New York State.
